- *Hooks allow quick and easy access to cart*
- *Kits include all hardware*
- *Simple installation, high strength security*

Securely fastens carts to walls

Kit contains all hardware

Straps hook to cart when not being used

Allows quick and easy access for moving cart

Our Cart-to-Wall Straps are ideal to secure wheel mounted carts to wall studs for security. Straps are constructed of high strength Nylon webbing. Hooks are attached to the Stainless steel mounting plates on the wall when strapping is desired and can be hooked onto the cart plates when not in use.

These straps are normally installed in the back of the item out of view for better aesthetics.

SPECIFICATIONS

- Straps: □ 1" x 36" heavy Nylon straps with keeper hooks
- Mounting Plates: Stainless steel
