# Large Appliance Strap Kit with Velcro®

**NTAS 2255B, NTAS 2255S, NTAS 2255W**

## PRODUCT FEATURES

- *Ideal for refrigerators, copiers, large items on wheels, vending machines, washers, dryers, etc.*
- *Easy securing and quick access to items for cleaning, servicing, etc.*
- *Adjustable Nylon straps with side-release buckles*
- *Quake-strength Velcro® fastening to unit*
- *Available in black, silver or white*

Fastening of certain appliances such as big-screen televisions, washing machines, dryers, large copiers, etc. with methods that require drilling may cause improper performance of the appliance.

Our large appliance strap kits with Velcro® require no drilling into the item for securing. The adhesive-backed quake-strength Velcro® end of the strap is attached to the top or side of the item. The other end features a heavy-duty steel bracket that mounts to a wall stud with lag screws.

The side-release buckles are easy to connect and disconnect when moving the secured item for cleaning or repair. The strap can be adjusted to the appropriate length from the wall.

## SPECIFICATIONS

- |                     |    |   |
|---------------------|----|---|
