PRODUCT FEATURES

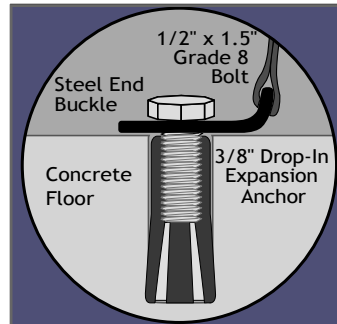

- *Ideal for large refrigerators, freezers, incubators, etc.*
- *Secures unit to floor without drilling into body*
- *Adjustable Bio-Coated TekStraps™ are non-corrosive, easy to clean, and will not host bacteria or fungus*
- *Heavy-duty steel ratchet tightly cinches strap to unit*
- *Available in black, or putty color*

Ratchet Strap with optional strap guides

Quick & Easy Fastening

Floor Anchor

Steel Ratchet

Fastening of thermally insulated items such as refrigerators, freezers, incubators, and even flammable liquids storage cabinets should be done without screwing into the body of the item. These types of items may contain freon tubes or exposed wiring which could be dangerous. The thermal insulation barrier will also be compromised causing improper performance of the appliance.

Our TekStrap™ Ratchet Overstraps do not require screwing into the unit; the straps use cinching pressure to secure the item. There is no need to constantly re-tighten the item since the straps are made of high-quality coated webbing that does not stretch. A specially designed end bracket pulls at a 45 degree angle away from the anchor to ensure maximum effectiveness when anchoring to a concrete floor.

SPECIFICATIONS

- Strap:** 2" Wide TekStrap™
- TSRS 30.14 = 3 ft. ratchet end, 14 ft. tail
 - TSRS 30.24 = 3 ft. ratchet end, 24 ft. tail
 - TSRS 65.14 = 6.5 ft. ratchet end, 14 ft. tail
 - TSRS 65.24 = 6.5 ft. ratchet end, 24 ft. tail
 - TSRS 75.14 = 7.5 ft. ratchet end, 14 ft. tail
 - TSRS 75.24 = 7.5 ft. ratchet end, 24 ft. tail
- *Also available in 1" width (TSRS1 + size specification)
- Ratchet:** □ Steel
- Seatbelt Ends:** □ Steel
- □ 45° angle, 1/2" center hole

Colors: □ □ B = Black P = Putty

Kits include bolts and Hilti® Drop-in concrete anchors

Strap guides sold separately:

- □ □ SG 224BA = Black (2 pcs.)
- □ □ SG 224SA = Silver (2 pcs.)
- □ □ SG 424BA = Black (4 pcs.)
- □ □ SG 424SA = Silver (4 pcs.)
