## PRODUCT FEATURES

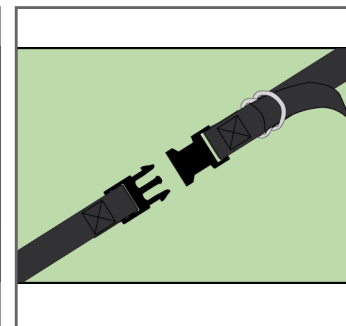

- Adjustable shelf protection for pallet style storage shelves
- Quick-release buckles allow the strap to be easily unhooked
- Allows full view of shelf contents
- Easy to install and remove
- Custom sizes are available

**Tight strap prevents even loose items from falling**

**Ideal for items in containers on shelves**

**Quick-release buckle for easy access**

These straps are made of 1" Nylon webbing and run horizontally across the front and/or the sides of large pallet style shelves.

Straps are usually placed at approximately three quarters of the height of the lowest box on the shelf with one to two straps per shelf (depending on the size and weight of the items on the shelf).

Shelf straps come in four sizes for shelves up to 36", 48", 60", and 72". They can be adjusted in size and have quick-release buckles which allow the strap to be unhooked when putting or removing items from the shelf.
